## Bank Gives Arthritis Aid

**AIDS FUND** — February is the annual fund-raising month for the Arthritis and Rheumatism Foundation of San Diego County. To publicize the event, the Foundation has installed this colorful and informative display in the lobby of the United States National Bank in Lemon Grove. Bank Manager R. P. Dryden examines a pamphlet presented to him by Mrs. Delores Holderer, Lemon Grove resident and a member of the Arthritis and Rheumatism Foundation's County Committee. The pamphlets are free.

## Kunin & Sons Purchase Meat Plant In L.G.

Kunin & Sons, Inc., frozen food distributors, last week began operations at a recently purchased meat plant at 8321 Broadway in Lemon Grove. President Herbert Wiseneck announced.

The plant was purchased to better serve the growing number of customers in the San Diego area and required an investment of over \$100,000.

Also, a 3,000 square foot sales office in the Encanto Shopping Center, located at 6185 Imperial, San Diego was opened at the same time.

## ARMSTRONG'S BARBER SHOP CHAIN GROWS

Kenneth Armstrong, the dean of L.G. barbers, is well on the way to becoming a haircutting tycoon. He has opened a new shop in Casa de Oro in the C d O shopping center on Bancroft.

Armstrong opened his L.G. shop 14 years ago at 3325 Imperial ave. This shop will be put under the management of William Ware and the shop will be designated Armstrong Shop no. 1. The new shop takes the designation no. 2.

Armstrong was one of the first 29 persons making up the dispensation membership to form the Lemon Grove Masonic lodge.

## Midwest--Snow; L.G.--Tomatoes

**TEXAS STYLE** — While most of the rest of the nation was blanketed under a cover of snow, Lemon Grove's claim to fame as possessing the "best climate on earth" was given substance again.

The substance is in shape of a single tomato plant, 14 feet across which is thriving in alleyway to the Broadway firms of L.G. Yardage and Pernicano's Pizzeria. The plant was discovered growing in July and has been watered from time-to-time since then.

The plant, explains Leona Moore of the yardage firm, and Sam Pernicano of the pizzaria, is one plant with one root, blooming and bearing in a place where oily floor sweepings were thrown. Sam finally fenced the plant but it soon outgrew these bounds.

Sam says his shotgun squad guards the plant night and day and the tomato fan should avoid sampling the fruit.

## SUPS SEE SLIM CHANCE FOR RAISES FOR SELVES

**SAN DIEGO (CNS)** — The County Board of Supervisors would like a raise in pay, but at a meeting Monday on charter changes they could not think of a way to present their request to the voters so that they could be sure they would get it.

In what was probably the most searching scrutiny of the charter since it was voted into existence 30 years ago, Supervisors did approve a measure to go on the primary ballot to revise drastically the office of coroner-public administrator.

Voters will be asked to approve separating the two offices and to make the head of each appointive, out of a list prepared by Civil Service.

As a coroner-public administrator is to be elected this year the Board voted that whoever is elected shall serve for two years, if voters approve the

charter change. Robert Creson holds the office now, by appointment in December.

On their own compensation, Board members discussed making the salary a percentage of the pay of a superior court judge, or the average of other

**(SAN DIEGO (CNS))** — The request for pay increases for the county's eight elected department heads was turned down Tuesday by the Board of Supervisors.

Higher salaries were asked in a letter sent to the Board in December by District Attorney James Don Keller, Assessor John McQuillen, County Clerk R. B. "Bud" James, Treasurer Delaven Dickson, Tax Collector James Rasmussen and Recorder Al Gray.

They reportedly expected

a 10 per cent increase as of Jan. 1963 and a 5 per cent additional raise for each of the following two years.

The letter was not signed by two other department heads, just appointed by the Supervisors to fill vacancies: Sheriff Elmer Jansen and Coroner Robert Creson. However, it was assumed these offices would have shared in any pay boosts.

Supervisors in the county's five largest counties, or even the average of department heads in San Diego County.

San Diego Supervisors now receive \$8,400 annually. Their salaries are set by the State Legislature, and Board members have been rather bitter about the Legislature's failure to arrange raises for Supervisors in line with raises given to

other state and county employees.

But no agreement was reached Monday on how to get county voters to ok a raise.

In other matters affecting themselves, the Board turned down a proposal that Supervisors be elected by the county at large, after winning the nomination in his own district. The Board also turned over to the 15-member committee it has appointed to study the Supervisorial redistricting.

A proposal to go on the ballot will be separation of the county clerk's office from that of the clerk to the Board of Supervisors. The county clerk is now ex-officio clerk to the Board.

R. B. "Bud" James is county clerk, and Mrs. Helen Kleckner is clerk to the Board of Supervisors.

## Schei Gets Kiwanis Gavel

**NEW KIWANIS PRESIDENT** — Ben Schei, principal of Lemon Grove's San Miguel elementary school, (left) accepts the gavel with which he'll preside over the L.G. Kiwanis club during the 1962 year. Handing it to him is Robert Sutton, immediate past president who was able to boast of ten months perfect attendance among the club's members. Sutton also points to a balanced budget with pride.

Schei, during his regime, will face a traditional pancake dinner project in March and a carload of apples sale in October. The proceeds of these events go to support local youth activities.

Schei's vice presidents are Kenneth Conrad and Jack Durham. Installation ceremonies were held recently at Singing Hills country club.

## Pastors Hold 1962 Election

The annual election of the Homeland Pastors Assn. was conducted last Thursday at the Lemon Grove Lutheran Church. The pastors of the 24 churches in the Lemon Grove and Spring Valley area have joined together in the group known as the Homeland Pastors Assn.

The officers who will lead the group this year are: chairman, Rev. Louis Ginn, Bancroft Baptist Church; vice

chairman, Rev. Lorin Mills, Spring Valley Friends Church; secretary, Rev. Derric Johnson, Skyline Wesleyan Methodist Church; and treasurer, Dr. Jordan Detzer, Lemon Grove Methodist.

The Homeland Pastors Assn. annually sponsors a community Good Friday service, a teachers tea which is attended by public school teachers and parents, and participates in other community and civic functions. The next meeting of the Homeland Pastors Assn. will be Feb. 15 at the Spring Valley Friends Church.

## ZONING VARIANCE GIVEN ON PACIFIC ST.

**SAN DIEGO (CNS)** — A zoning variance to permit a Lemon Grove property owner to put a third dwelling unit on his land was approved Friday by the County Planning Commission.

J. T. Berry was given the variance to permit an existing garage to be converted into a dwelling unit, at 7451-7457 Pacific st. The application was to allow a building five feet from the side property line, instead of the required seven and a half feet.

The Berry property is zoned for apartments.

## Grove Dentist Heads Dental Week

**DENTAL HEALTH** — Dr. Robert Swenson, Lemon Grove dentist displays Dental Health Week material to 5-year-old Athena Paradise, 5, of 340 Ridgcrest, Lomita Village. Dental Health Week is being observed Feb. 4-10 county-wide.

The appointment of Dr. Robert E. Swenson as Lemon Grove area chairman of the 14th annual National Children's Dental Health Week has been announced by Dr. George C. Glenn Jr., general chairman of the Feb. 4 to 10 observance.

Dr. Swenson, of 3293 Olive st., will be among several hundred San Diego county civic, educational, dental and medical leaders who will gather next Wednesday for the annual

Children's Dental Health Week luncheon at the Stardust Country Club.

Speaking on the subject, "The Uphill Fight for Preventive Dentistry," will be Dr. C. Gordon Watson, assistant secretary of the American Dental Assn., who is coming to San Diego from his Chicago headquarters for the talk.

With the slogan, "A Smile is to Keep . . . with Good Dental Health," sponsors of the observance are urging the nation's parents to turn their attention toward proper care of their youngsters' teeth.

Noting that 95 per cent of the American people suffer from some form of dental disease, they stress that early preventive measures among children can help alleviate many dental ills.

Dr. Swenson, a graduate of the University of Minnesota School of Dentistry, established his Lemon Grove practice in 1953 and served in the Navy Dental Corps in both World War II and the Korean conflict.

### Are Commandments Legal In Public Schools?

How does the Law see the Ten Commandments?

The question isn't as fatuous as it first appears. A Browley school official asked the Imperial County district attorney if it was legal to display "The Ten Commandments" in a public school classroom.

The opinion (D.A. Opinion No. 61) was handed down Jan. 11, 1962 by Imperial County District Attorney James E. Marable and his summation provided several hours of interesting reading. Marable, a former judge and fine patriot, gave up the bench recently to run for the prosecutor's office because he felt that justice could best be served at that level.

You'd think that the D.A. could have said "O.K." and that would have done it, but Marable used several thousand words explaining the law, the intent of the law, and finally examining the Commandments. We offer here some of his views.

The law spells out the legality of the Bible's use in school libraries for reference but denies sectarian or denominational doctrines to be taught, he explains.

"The Ten Commandments, also known as the Decalogue, consist of a summary of what some authorities refer to as 'an incomplete code of religion and morality,' and by others as 'a few easily remembered rules,' Marable says.

Here is the most popularly accepted text, slightly shortened by editing.

1. I am the Lord thy God, who brought thee out of the land of Egypt, out of the house of bondage.
2. Thou shalt have no other Gods before me.
3. Thou shalt not take the name of the Lord thy God in vain.

4. Remember the Sabbath to keep it holy.
5. Honor thy father and thy mother.
6. Thou shalt not kill.
7. Thou shalt not commit adultery.
8. Thou shalt not steal.
9. Thou shalt not bear false witness.
10. Thou shalt not covet . . . anything that is thy neighbor's.

Prosecutor Marable then looks at the Commandments to discern any violation of constitution or laws if displayed in public school classrooms.

**AS LONG AS THERE ARE TUMBLEWEEDS, THERE WILL BE "T" DAYS**  
Some months ago the Lemon Grove Coordinating Council, the Kiwanis Club of Spring Valley and a man sitting talking in the office of this newspaper all mentioned the same thing: tumbleweeds. I'm sure other individuals and organizations mentioned tumbleweeds too.

Along about the first of December of last year an organized anti-tumbleweed campaign started being planned.

Newspapers, TV and radio stations soon picked up the fact that Lemon Grove and Spring Valley were holding "T" Day (anti-tumbleweed day) on Jan. 20.

Tens of thousands of people heard about our campaign. KFMB-TV, channel 8 quoted the Council's Dr. Dennis McLaughlin to the effect that tumbleweeds are a red menace in Southern California.

Lemon Grove got something done on Jan. 20 but for the most part "T" Day got rained out. This Saturday, however, Spring Valley is going to have a big go at tumbleweed fighting.

But this isn't all. The community of Lakeside already is seriously planning its battle against the tumbling weeds. Other parts of the county probably soon will follow suit.

You can just see the tumbling weeds tumbling down and getting burned in many places of the county and maybe Southern California.

As Hibbard Stubbs, anti-tumbleweed chairman in Lemon Grove said lately: "The Sons of the Pioneers can stay but the tumbleweeds have got to go."

Howard Potts, his S.V. counterpart will be directing a small army against tumbleweeds this Saturday throughout the Spring Valley area. It will be highly interesting to see the unfolding of this next chapter in the tumbleweed story.

### Ford, Chevy Dealers Suffer Loss

## Local Youths Netted On Auto Theft Charge

Lawrence Eugene Cary, 34, of 3559 Sweetwater rd., S.V. said that he was erroneously listed as an attempted suicide.

His difficulty came when he took an overdose of a sulphur drug on Jan. 25, he said, which rendered him unconscious.

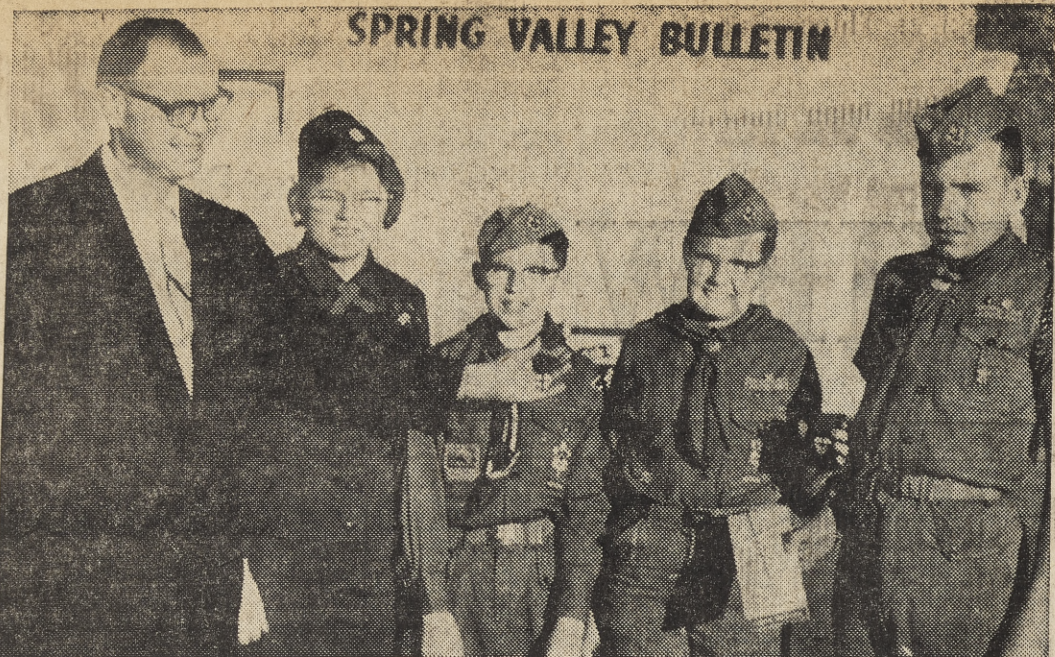

His father called an ambulance and he was taken to Grossmont hospital. Taken to county hospital for further treatment he was released two days later.

Cary said he had been suffering from an infection and the sulphur drug was prescribed for that ailment.

Howard Williams, 18 and Danny Gahn, 19, both living at 1890 Ensenada st., L.G. are in S.D. city jail for allegedly engineering the theft of auto parts and a new car last weekend. Three other youths, two of them from S.V. and the other from La Mesa are in juvenile hall.

The team allegedly deprived the Spears Ford firm, 7220 Broadway, in L.G. of tires, wheels and auto parts, all new. They also are charged with having taken a Chevrolet Impala from a S.D. firm during the weekend. Named as co-conspirators are William Stanley Crane, 17, of 10488 Rancho rd., S.V.; James Butterwood, 15, of 4293 Nabal dr., L.M. and Burton Easton, 15, of 10719 Garden Way, S.V.

The car was observed parked at the side of the road west of Barbic lane, facing east, by sheriff's patrol unit going east. When they came back to further investigate, the car was then parked on the slope of Barbic lane just off Campo rd. and being driven by Lucille Esker, 9914 Buena Vista, his companion.

Mach refused to take a sobriety test and admitted he had

Dear Editor:  
I would like to extend my thanks to the people of Lemon Grove for their kind donations of more than 500 paperback novels they left at the L. G. Library.

These books have been taken to the Naval hospital and placed on outgoing ships. Eight large boxes of Christmas cards have also been distributed. Contributors are asked to keep up the good work.

Thank you,  
Mrs. Randolph Morse

Dear Editor:  
First, I want to thank you for printing county news. I hope you will print this and it will arouse some voters to think a bit.

What kind of a local board of trustees do we have in a district? In a recent article in your newspaper some of the trustees wanted to lower a \$74 million junior college and bond issue idea. Are these men trying to sell us something or represent us?

In the first place what's wrong with expanding local high schools to handle this? Why go all the way over to Fletcher Hills to purchase land? What's wrong with the Monte Vista high area? Let's buckle down on the students in high school and we would not need these preparatory schools at all... and that's too darn much money to build a junior college. Check your junior college tax. Mine was \$7.31 last year and I haven't voted in or out a thing.

Write, phone or get hold of the trustees and give them the word.

Thank you  
R. D. Wilder

Dear Editor:  
Your story about the junior college bond issue was very good but I think the real issue is cost. Our tax burden is just about all that can be borne at this time.

In our 13 years in Lemon Grove my family and I have supported all school bond issues that were needed and realistic in concept.

## The DIMMER VIEW

(Continued)

Says he, "Commandments numbered five to ten are rules of morality and have no direct relationship to religion as such. "Violations of Commandments 6, 7, 8, and 9, (perjury) and in some localities number 4, are made punishable by criminal statutes and ordinances.

"Numbers 5 and 10 are admonitions of propriety and respect recognized by practically every ethnic group.

"Number 3 involves blasphemy and profanity and is censured by our society regardless of creed or tenets, and when uttered in the presence of women or children becomes a crime.

"Number 4 applies to all persons.

"If any unconstitutionality results, it must arise from among the first three Commandments," Marable says. "In these there appears the word 'God' and 'Lord'.

"No one has suggested that the word 'God' is violative of our Constitution," he says, and refers to the Pledge of Allegiance and the national song "God Bless America," and the national motto, "In God We Trust."

"Could the statement... who brought thee out of the land of Egypt, etc. in number 1, be offensive?"

"No," he says, "this is historical fact and is not sectarian or denominational."

"Could number 2 aid any sect?"

"No. God is recognized by practically every known religion. In some by different names, such as Allah, but the philosophy of a Divinity is always present.

"An atheist denies the existence of God. He could not object on the grounds that it is sectarian or denominational... he has no God."

"The Ten Commandments therefore is not violative when displayed in public school classroom," he concludes.

Marable's study gives added depth to our understanding of the Ten Commandments.

**Year's Top Ten Stories**  
News editors of the various press services together with news bureaus of radio and television stations have chosen the man in space race as the top story in 1961. The Berlin crisis ranked second.

In another election by the same people, President John F. Kennedy was chosen as the "newsmaker of 1961" with N. Khrushchev getting the nod for second.

Top ten news stories selected by the editors:

1. Man in space.  
2. Deepening Berlin crisis and rebuilding of E. Berlin wall.  
3. Plane crash death of U.N. Secretary General Dag Hammarskjold.  
4. U.S. backed invasion of Cuba fails.  
5. Russia resumes nuclear testing.  
6. John F. Kennedy inaugurated President.  
7. Crisis in Congo.  
8. Hurricane Carla hits Texas and Louisiana.  
9. Trial of Adolph Eichman in Israel.  
10. Death of Sam Rayburn, U.S. House of Representatives speaker.

The top in addition to President Kennedy: Foreign Affairs — Khrushchev. Science — Yuri Gagarin, first man in space. Business — George Romney, president of American Motors for the first profit-sharing plan among major auto companies.

Entertainment — Newton Minnow, chairman of the Federal Communications Commission with his "vast wasteland" speech.

Religion — Dr. Eugene Carson Blake of the Presbyterian church who campaigned for a merger of Presbyterian, Episcopal, Methodist and other churches.

**Bigger Welfare Pie For '62**  
Probably both property taxes and state taxes will be raised to accommodate a new \$180 million state welfare pie that is scheduled to be cut this year by participants in the state's various welfare schemes.

Prediction that higher taxes are in store for property owners and other taxpayers came from Robert C. Brown, legislative counselor for the Calif. Taxpayers' Assn. in the group's publication, "Tax Digest."

Programs sponsored by the administration of Gov. Brown for increased benefits "will undoubtedly have the largest fiscal impact since the original enactment of the Social Security Act," R. Brown said.

An alternative, R. Brown says, may be citizens asking for a curtailment of other state services to make up for the increased pocketbook bite he will feel this year.

Funds for the \$180 cost will come from state, \$80.1 millions; county, \$30.4 millions and federal, \$69.5 millions.

An important new part of the program is the Medical Aid to the Aged program which calls for an expenditure of \$30 millions to handle an estimated case load of 60,000 persons. Covered are costs of hospitalization and related medical care for those unable to finance their own care. People presently on the old age security program may transfer to the new program.

Eligibility requirements in the new program are:

1. Over 65 years old.  
2. Calif. resident.  
3. Anticipated average income for the coming 12 months must not exceed the cost of the person's medical care; plus (a) personal and incidental expenses; (b) home upkeep and maintenance; and (c) payment on certain debts.

4. \$1,200 or less in personal property.  
5. Less than \$5,000 valuation in real property (other than home).

6. Non-recipient of State Old Age Assistance.  
7. Recipient must require more than 30 days confinement in a licensed hospital or nursing home.

## Local Youths Netted On Theft Charge

(Continued)

The young marauder burglarized several homes here taking gifts from beneath Christmas trees. Some of the homes he visited included the residence of Phillis M. Hook, 6832 Cedar pl., Edwin D. Anthony, 2722 Jaynia pl., Jack Friedman, 2734 Jaynia pl., V. Boyd, 6835 Cedar, and the residence at 2711 Jaynia pl., all of Lemon Grove.

Among the stolen objects are: wrapped gifts, a mining exhibit; reading glass, string tie, opera glasses, cash, record, field glasses and items from various refrigerators which he ate. Many of the items have been returned to the owners and the youth was released to his parents with a report forwarded to the juvenile probation department. The boy's parents have agreed to make restitution.

**Youth Confesses Burglary**  
Jerry Jesus Alvarez, 16, of 4333 49th st., S.D. was arrested at the Vista La Mesa Jack-in-the-Box when he broke the windshield and windows of a car, owned by a S.D. youth with a lug wrench following an argument.

Alvarez admitted to sheriff's men who responded that it was he who burglarized the home of a Lemon Grove woman, Mrs. Juanita Fay Northcutt of 8157 Roy st., taking \$18 from Mrs. Northcutt's purse. He was referred to the juvenile probation department.

**Gas Sippers Busy**  
Thomas Reid Thale of 656 Conception st., S.V. gave the sheriff's dept. the names of two youths whom he suspects of siphoning gas from his car.

**Empty House Burglarized**  
An intercom console including room speakers, works of a built-in electric wall clock, an electric garbage disposer, a plate glass mirror and a chrome towel rack comprised a list of stolen articles from a vacant house at 10510 Don Pico rd., Spring Valley.

Weldon Wallace Griffin of La Mesa, owner of the property, said the items were valued at \$327 and gave the sheriff's department the name of a suspect.

Entrance was gained by someone putting enough pressure on a door to spring the molding. Mud tracks in the house are being used as clues.

**Sailors Picked Up After 'Hub-Cap Ball'**  
Four sailors from the USS Monticello had themselves a hubcap ball Tuesday in Monterey Heights. They crisscrossed Eldora dr., Ensenada and Dayton dr. plucking 10 hubcaps from six autos. Charles O. Stark of 2104 Ensenada was the first to call the sheriff's office. Then Walter Coleman of 1395 Eldora called. Police speedily picked up the four sailors, three of whom were 18 and one 19. Two of the stolen hubcaps were found on the suspects' car.

**Clues Lost In Clean-up**  
Albert Bauer, custodian at the Casa de Oro elementary school is nothing if not punctilious. He clears away debris as fast as it accumulates.

During the weekend of Jan. 19 a window at the school was broken by a thrown rock and entrance was gained through the window for ransacking the room, according to Principal Vincent W. Toth. Custodian Bauer then cleaned up the mess, including muddy footprints before the deputy sheriff arrived.

A week later, the same thing happened to another room in the same school and the debris was cleared before deputies could utilize it for clues.

Last year, marauders stole some relics loaned the school for a play, by breaking into the room. Evidence was lost then, too, because of punctilious clean-up. The guns were later discovered hidden behind a billboard in the area.

**Area School Officials Taking Part In Meet**

Boyd K. Lane, director of curriculum, LMSV will be program chairman at the meeting. James Halcomb, principal of Brier Patch School will give a talk on reading in the primary grades.

**HALF-DAY SCHOOL DECREASES IN STATE**

SACRAMENTO — The number of students on half-day sessions in California public schools dropped 30 per cent last fall despite an enrollment gain in excess of 5 per cent.

Roy E. Simpson, state superintendent of public instruction, said half-day students numbered 66,173 and accounted for only 2 per cent of the total regular enrollment in grades 1 through 12. A year earlier 93,352 students were on half-day sessions.

**TOWARD SAFER BICYCLING**—Representatives of the Automobile Club of Southern California brought the newest in bicycle safety devices to San Altos School on Jan. 18. In picture Sandra Perkins, 10, a fifth grader at the school who lives at 1301 69th, Lemon Grove gets her bicycle tested on the device with the aid of Gene Seltzer (standing on trailer). ## L.G. School Kids Have Bikes Tested

During January at Lemon Grove schools, a common scene on the playgrounds was a line of boys and girls standing with their bicycles, and awaiting their turns to get up on a funny-looking trailer astride these bikes.

This trailer, called a bicycle safety lane test was furnished by the Automobile Club of Southern California.

When the boy or girl walked up on the trailer with his bike, usually the school principal and a couple of PTA safety volunteers and auto club representatives were there to aid in the testing and give the kids pointers on safety.

A unique invention, the device tests brakes, wheel alignment and frame alignment. Minor adjustments on the bike can be made on the spot.

Several San Altos school children were asked what they thought about the safety test lane. George McCane, 1527 La Porta, who got a new bike for Christmas, said he'd taken the bike test before and it helped him.

Debra Anderson, 1974 Calle Entri, said she thought the testing was a good idea and that it helped her ride with a feeling of safety.

Richard Felder of 1522 San Altos pl., said he doesn't ride his bike a whole lot but that he took the bike test because it might do some good. Candy Hill, 1825 Ramon said she liked the idea of the testing because it would help keep her bike in good shape and that she would therefore feel more confident of her own safety.

## Monte Vista Hi Dumps El Centro

Monte Vista prepared for another showdown meeting with league leading Grossmont Friday night in the Monarch gym by dumping visiting El Centro 53-40 last Friday night in the Monte Vista fieldhouse.

Bob Anderson burned the nets with 25 points and teammate George Gray pumped in 13 points to lead the Monarchs to their eighth victory against 4 losses.

The Monarchs and Helix, both 4-1 in loop outings have their chances to send the Grossmonters tumbling. Helix was at Grossmont Tuesday afternoon, and Monte Vista will host the Foothillers Friday night. An over-capacity crowd is expected to watch the two teams battle. In the first meeting held in the Grossmont gym the bleachers were filled for the junior varsity game which is staged before the varsity match, and with people standing and sitting on the floor the doors were shut before the varsity game had started.

Dick Baker and Lew Riley are expected to pace the Grossmont offensive attack. They have 264 and 221 points respectively to lead the Grossmont league. Anderson is third in scoring with 220 points, and will carry the load for Monte Vista.

Tuesday the Monarchs host winless El Cajon with action beginning at 4:30 p.m.

## Granite Hills Defeats Miguel Hoopers By Score Of 51-47

by Bill Ott Jr.

Granite Hills tied Mt. Miguel for third place in the Grossmont League basketball chase with a 51-47 victory over the slow starting Matadors in the Miguel gym last Friday night.

Granite Hills rolled to a 19-13 first quarter lead, and added 9 more points in the second period while holding the Matadors scoreless for a 28-13 margin with 3:30 minutes left to play in the second chapter. Matador center Steve Dahl finally found the hoop for the icy Matador five and then added 2 points from the free throw line to close the score to 28-17 with 1:34 minutes of play remaining before halftime.

In the remaining minute of play the Matadors staged an exciting rally with Doug Ashley leading the way. Ashley stole the ball and passed to forward Jerry Dame for a 2-point shot and repeated the feat again scoring by himself to narrow the Eagles lead to 28-21. Dame added a jump shot with a few seconds of play to close the gap, 28-23.

The Matadors fought gamely in the third stanza, closing the score at one time late in the third period to 37-36, but the Eagles pulled away for a 41-37 advantage going into the final period of play.

In the fourth quarter Ashley hit the hoop twice and tied the score 41-41 with 6:55 minutes of time remaining. Both teams battled back-and-forth in the scoring column in the hectic final period. The Matadors lead with 5 minutes to go, 45-41, but the Eagles staged a rally and in the final minutes

Assets at Central Federal Savings and Loan Association jumped more than 20 per cent in 1961, Fred C. Stalder, executive vice president and manager, reported.

Stalder said total assets climbed \$11,131,148 during the year to an all-time high of \$67,264,518.

Central Federal's office serving the Heartland area in the College Grove Shopping Center. Other offices are maintained in downtown San Diego, La Jolla, and Chula Vista.

The gains made last year have resulted in Central Federal more than quadrupling in size in five years. Total assets at the end of 1956 were only \$14,120,800.

Stalder said Central Federal forged ahead in all phases of its business activities during 1961 despite the tardiness of an expected general economic recovery.

Net savings climbed more than 10 million dollars to \$59,870,517. Nationally, savings and loan associations attracted a record 8.5 billion dollars in new savings.

Total loans on real estate, secured by first trust deeds principally on homes in the La Jolla and San Diego areas, increased almost eight million dollars to \$57,673,744. Savings and loan associations across the country provided a record 16.5 billion dollars in real estate loans, approximately 44 per cent of the total national volume of mortgage and trust deed money and far more than any other single lending source.

Stalder said that despite Central Federal's rapid growth it has continued its policy of maintaining reserves and surplus in excess of legal requirements.

He predicted an increase in local and national housing activities during the new year when the economic recovery should be in full swing. Advance real estate loan commitments held by Central Federal and other savings and loan associations in the country exceed two billion dollars at the start of 1962, he said.

## Trotters To Play Here For Sigma Delta Chi Charity 20 Mt. Miguelers Graduate On Feb. 1

The laugh-provoking nomads of the hardwoods — the world renown Harlem Globetrotters pay their annual visit to San Diego County Saturday, Feb. 3, then return on the 6th for another encounter.

Both games will be played in Cal Western's new, lavish Golden gymnasium in Point Loma. Game time is 8 p.m.

The Trotters opposition will be provided by the Washington D.C. Generals.

As an added attraction, Cab Calloway, the hide-ho man, will present an hour-long variety show.

For the Trotters it will be Meadowlark Lemon providing the merriment and Murphy Summons showing how to dribble a basketball without ever losing possession of it.

Lemon is an outstanding ball player. This is proven by the fact that he frequently winds up the high point man of the evening even though he spends most of his time clowning with the spectators.

Now in their 35th year of consecutive play, the Harlem Globetrotters have been making people laugh throughout the world — even behind the Iron Curtain, where there's nothing really to laugh about.

The box office at Golden Gym will be open at 7 p.m.

Games are sponsored by Sigma Delta Chi, professional journalistic society, and proceeds will go to a loan fund available to journalists attending local colleges.

Mt. Miguel will graduate 20 seniors at mid-term, Feb. 1. While most of the girls look forward to eventual marriage, their immediate plans range from enrollment in business schools, airline stewardesses' programs to immediate employment. The boys plan to enter one of the services or enroll in local colleges; their long-range plans include careers in architecture, business, and microbiology.

Those graduating are: Shar-

Bates, Kenneth Eugene Feil, Sharon Rose Ann Katalack, Marga Bernice Kratz, Cheryl Ann Lannom, Ernest Eugene Ledwith, Carole Jean Lowrey, Janice Earlene Martin, Roger Bert Mohling, Lynn Dianne Moore, Katherine Jean King, William James Overton, Margaret Kay Riggs, Shirley Jean Rock, Joyce Carole Schreiber, Edgar Wayne Stevens Jr., Theodore Detson Taylor, Roger Jay Thompson and Jean U. ## Kresge's Begins Charge Plan

**CHARGE IT!** — Jim Brown, manager of Kresge's Department Store at Spring Valley Center, holds booklet telling all about that firm's brandnew charge plan which goes into effect on Thursday of this week, Feb. 1, 1962. Brown said characteristics of Kresge's Timeplan (KT) are that no down payment is required when purchase is made and there is no service charge. There is a small carrying charge, Brown said. A requirement of KT is that the buyer be at least 18 years of age and that he or she has been employed for at least six months. All Kresge Stores, some 250 of them are beginning the charge plan simultaneously, Brown pointed out. This is the first time Kresge's has had a charge plan.

## Campo Rd. Bank of America To Open Feb 9 in C d' O

Spring Valley residents will be guests of honor at a gala premier of Bank of America's new Campo-Conrad branch, scheduled from 7 to 9 p.m. February 8, it was announced by James Van Dusen, manager of the branch.

Van Dusen said the branch will be open for business at 10 a.m. the following day, Friday, February 9.

At the open house, visitors will view a colorful opening ceremony and then will be invited to make a grand tour of the 7,200 sq. ft. building. They will see all of the facilities which are part of space age banking, including the massive vault and windowless teller counters, which enable 18 tellers to work simultaneously during peak periods, carrying their cash and supplies with them in specially constructed mobile carts.

Other features of the new branch will be a parking lot for 55 automobiles and a night depository for the convenience of customers who cannot visit the branch during regular banking hours.

Also planned for the opening are a guessing contest, numerous interesting displays, free souvenirs for both adults and children, and light refreshments.

"The opening of this new branch is being awaited by all of us with eagerness and optimism. We are looking forward to becoming acquainted with every person in Spring Valley and introducing them to the many advantages our bank has to offer them," Van Dusen said.

The new branch is located at 9710 Campo Road, at the base of Mt. Helix.

**MONEY DISPLAY READY FOR BANK OPENING**  
"Money Around the World," a collection of coins and currency from more than 30 countries over the globe, will

be one of the featured displays at the February 8 open house preview of Bank of America's new Campo-Conrad branch, it was announced by James Van Dusen, manager of the branch.

The exhibit consists of a large variety of denominations of money gathered by the bank's international banking department in its many transactions. It includes such strange and exotic pieces as rupees from Pakistan, sucres from Ecuador, quetzals from Guatemala, and kroners from Denmark. Other countries represented include Japan, Nicaragua, Canada, Mexico, Australia, Peru, France, West Germany, Greece, and many others.

Also of interest will be the Casa de Oro strong box contest, giving visitors to the branch a chance to win savings account prizes ranging in value from \$50 to \$5 by guessing the number of simulated gold coin in a strong box in the bank lobby. The contest will continue for two weeks after the opening.

The new branch is located at 9710 Campo rd. in Spring Valley, at the foot of Mt. Helix.

### VALLEYITE ESCAPES INJURY AS PICKUP SLIDES INTO FIREPLUG

Heavy rains and slick roads last week were the cause of an automobile accident in which a Spring Valley man narrowly escaped serious injury.

Howard R. Thomas, 34 of 3311 Helix st., Spring Valley, on Wed., Jan. 25 at about 2:30 a.m. was driving south on Sweetwater rd. Several hundred feet from Broadway his 1957 Ford pickup suddenly hit a slick spot in the road. It slid into a fireplug, shearing it off and causing a waterspout 15 feet high.

Thomas, who walked away from the wreck with just a scratch on his forehead said the truck was nearly demolished.

## Bancroft Art Presentation Shows What Artists Saw

A progressive art exhibit patterned after that used at the Laguna Beach annual art festival recently, was shown at Bancroft Elementary School in a special Jan. 18 evening presentation by the PTA.

Called tableau style, the exhibit made use of Bancroft pupils to show "live art" scenes like the actual ones which inspired the artists.

In the photograph above, Mrs. Helen Goodall, Spring Valley artist who directed the evening art presentation at the school, stands by a painting called "The Urchins," which, it so happens, is by a former Bancroft student, Christine Costen, who was a member of Frank Hutchinson's class and now attends Mt. Miguel.

The "live art" urchins are models Marilyn Lawton and James Winden of Bancroft.

Bancroft teacher Paul Curran gave a running narration on the tableau style exhibits, and Mrs. Zelma McClellan assisted Mrs. Goodall in the Jan. 18 show.

Grades third through sixth took part in the show. KOGO-TV, channel 10 covered the event.

### S.D. SEEN AS

#### MAJOR LEAGUE SPOT

Interest in San Diego as a site for major league baseball expansion is at an all-time high, according to Abe Polinsky, board chairman of the Greater San Diego Sports Association.

### Anderson Seeks Reelection As Lt. Governor

Lt. Gov. Glenn M. Anderson, a Democrat, has announced his candidacy for reelection.

As Lieutenant Governor he has served as President of the State Senate and has presided at its meetings. In addition, he has served as chairman of the State Lands Commission (which has jurisdiction over the oil rich tidelands), as chairman of the California Commission on Interstate Cooperation, and as a member of the Board of Regents of the University of California, the Board of Trustees of the State College System, the California Toll Bridge Authority, the California Disaster Council, the Reapportionment Commission, and the California Reciprocity Commission.

Why is it radio newscasters never know anything about the significance of news?

## Avocado Hater Found In Avocado Grove Here

James V. Bass of 3456 Bonita st., S.V. alerted by his neighbors that his dogs were barking vigorously, went out to investigate at 1:45 a.m. Wednesday.

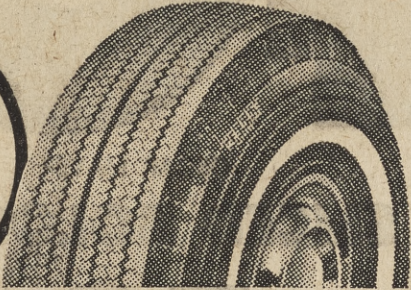

He found that a man registered as Edwin Joseph Mach, 10112 Casa de Oro bldg., S.V. had driven his car into his yard, damaging the gate post and running over a dwarf palm tree and had left his car to go into Bass' avocado grove where he was found picking avocados.

To the sheriff's men who investigated the uninvited visitor's presence, Mach told them he "wasn't trying to steal avocados because he hated the (blank-blank) things."

He was restrained and booked at county jail on a charge of being intoxicated in a car.

**BEAUTY SPOT** — Mrs. William Zona, 536 Maria, S.V., gets what is called a "brush-up" hairdo from Pearl Bailey (center, standing), co-owner and operator of the new Lloyd and Pearl's Beauty Salon in South Spring. At left is Lloyd Sexey, the other owner, who works during off-hours from his job at Rohr. Mrs. Evan Perry, 1009 Gillespie, S.V. is at the right. She is a full-time beautician at Lloyd and Pearl's, which is located about 4 blocks east of the Sweetwater-Jamacha junction on Jamacha.

## PIONEER BEAUTICIAN OF SPRING VALLEY OPENS NEW SALON

A beautician who started one of Spring Valley's first beauty shops in 1951 by remodeling the kitchen of her Casa de Oro home, now has opened a spacious, modern-equipped salon in south Spring Valley.

Her name is Pearl Bailey and the shop is Lloyd and Pearl's Beauty Salon, which is located three blocks east of Jamacha and Sweetwater junction.

The shop has five dryers and room for seven operators to work. Manicuring and facials are offered along with hair-styling and care.

Mrs. Bailey said response has been very good. Her very first customer was a rather young one. And little Debbie Vuerch, 1311 Presioa st., only 2½ years old, left Lloyd and Pearl's Beauty Salon with a happy look and a very pretty hair do, Mrs. Bailey said.

Lloyd Sexey, the partner in the enterprise is an employee of Rohr Aircraft Co. and works parttime at the salon. The beauty parlor is his first business enterprise.

## Valleyite To Take Part In Winter Exercise In Alaska

**FORT RICHARDSON, Alaska (AHTNC)** — Army Pfc. Albert D. Jennings, son of Albert D. Jennings, 551 Osage st., Spring Valley is scheduled to participate with other personnel from the 9th Infantry in Exercise Great Bear, a joint U. S. - Canadian winter maneuver in Alaska, Feb. 12-21.

The exercise will test cold weather military doctrine and the ability of the two allied armies to work together as a fighting team. Exercise Great Bear will be conducted in the vicinity of Tanacross and Eielson Air Force Base, one of the most rugged areas over which an Alaskan maneuver has ever been held. Principle terrain features in the 3,200 square-mile maneuver area are the heavily forested lowlands of the Tanana river valley and the mountains, which range as high as 4,000 feet, converging on both sides of the valley.

Jennings, a clerk in the infantry's Headquarters Company at Fort Wainwright, entered the Army in January 1961 and completed basic combat training at Fort Ord, Calif.

The 22-year-old soldier, son of Mrs. Aloha M. Hughes, 409 S. Tulip st., Escondido, is a 1958 graduate of Leggett High School. His wife, Patricia, is with him in Alaska.
